

# THE THREE STIGMATA OF PACMAN

A SHOW ABOUT TIME TRAVEL by ROSS SUTHERLAND  
THE TIMES' 'TOP TEN LITERARY STARS OF THE YEAR'

"Is this a performance poet with a comic's stagecraft or a highly literate standup? Ross Sutherland's one-man show is as slippery as an eel in its definition, and all the better for it. Hopelessly in love with language in the same way Daniel Kitson and Stewart Lee are, Sutherland's show brings together home-made videos, diagrams and poetry readings... A truly original, great show." - BRIGHTON ARGUS (\*\*\*\*)
